

FORMAL GAME SPEECH FORM

Your
Name

Character
Name

Make a paper copy of this document prior to the start of the class. Give the paper copy to the instructor at the beginning of class on the day you want to make your Formal Game Speech. The instructor will give you the Speech Notes to take with you to the podium to make your speech. This document should be the only resource you use as notes for your speech. (So be sure that you've practiced what you want to say before coming to class!)

What is the purpose of the presentation you are going to make?

Who are you trying to persuade? **What is the most important claim** that you are going to make? **In other words, what is your thesis?**

What arguments will you make to support your claim/thesis? Provide three good reasons to support your position in the first column. Then, in the second column, provide at least one quotations or explanation from readings that supports each argument and provide a citation.

Supporting Arguments Put your key points here <i>This is the outline of your speech!</i>	Citations 1) Paraphrase or provide a short quote from your reading 2) Cite your source <i>Don't read full quotations aloud (though if you want to quote a few words, highlight them so they're easier to spot)</i>
